

Face Coverings Required by Pinellas County

Pinellas County Ordinance 20-14 requires all persons to wear face coverings in indoor public places to protect the community from COVID-19. A face covering can be a mask or a face shield. Social distancing must still be practiced.

Businesses must ensure that individuals comply with the ordinance.

Ordinance cannot conflict with ADA.

Use of a face covering by a child under 18 is left to the discretion of that person's parent, guardian or accompanying adult.
